## INTERVIEWS

Students should be aware that some training providers and courses will require students to undertake an interview as part of the application process. Students will be notified of this directly but should be prepared by updating their resumes, finding their past school reports and work experience feedback, etc.

## VETRO REFERRAL

Upon receipt of a student's completed application, Mount Barker High School will submit an online application (VETRO) to access State Government funding for a subsidised course on a student's behalf. Students and parents will receive an email notification when this occurs, and as part of the process, you will be required to respond to these emails permitting this application to proceed.

## UAN ASSESSMENT

Once permission has been granted, students will be invited by the training company to attend an **Upfront Assessment of Need (UAN)**. This will occur in term 4 and will be completed online or face-to-face. The UAN consists of a basic literacy and numeracy assessment to gauge what support students may need with their learning as part of the course. If a student drops below the entry standard for the course, they will be required to sit an additional, longer assessment to gauge what support is needed.

A one-off practice assessment is available:

## SUBJECTS FOR 2024

## VET WITHDRAWAL
